In accordance with MPR 1410.2, HS01/Office of Human Capital requests approval for cancellation of MPD 3550 1A, "Advances in Employee Pay."

This request is in line with the Headquarters Rules Review Action (CAITS: 04-DA01-0387) which recommends the cancellation of any document that is no longer required and/or the requirements of the document are already adequately covered in higher level documentation. This issuance is no longer required because the requirements of the document are now adequately covered by higher level documentation (specifically NPR 3530.1A, "Pay Policy and Allowances," Chapter 9. Advances in Pay) There is no expected impact to the Center from the cancellation of this document.
