SUBJECT: Request for Cancellation of MPG 2800.1A, "Agency Information Technology Services"

In accordance with MPG 1410.2, AD30/Office of the Chief Information Officer (CIO) requests approval for cancellation of MPG 2800.1A, "Agency Information Technology Services." The original purpose of MPG 2800.1 was to document the responsibilities and procedures for providing the Agencywide Information Technology (IT) services for which Marshall Space Flight Center (MSFC) has responsibility. Upon evaluation of MPG 2800.1, it has been determined to be no longer needed. This MPG does not appear to be referenced in any other documentation and is not needed to meet any ISO 9001 or AS9100 requirement(s).
