SUBJECT: Cancellation of MWI 1280.3, "Corrective/Preventive Action Notification System"

In accordance with MPR 1410.2, 2.1.5, "Marshall Directives System," QD01 requests approval for cancellation of MWI 1280.3, "Corrective/Preventive Action Notification System."

This process is no longer in use and has been replaced with other techniques to accomplish similar notification and response goals. Since 1997, the notification process described in MWI 1280.3 has been used only twice, and both of these notifications occurred prior to 2004."

The replacement notification and response processes are described in QD-R-012N, "S&MA (QD) Operation of the MSFC Corrective Action System" (dated March 2012), and MPR 1280.4J "MSFC Corrective Action System," (currently in DCB review). References to MWI 1280.3, "Corrective/Preventive Action Notification System" have been deleted in both of these documents.

Therefore, this directive is no longer required.
