Reply to Attn of: HS01

TO: DA01/Director
THRU: IS02/MSFC Directives Manager
FROM: HS01/Human Resources Office
SUBJECT: Cancellation of MPR 3500.1, Establishment of High Grade Positions

In accordance with MPR 1410.2, 2.1.5, Marshall Directives System, HS01 requests approval for cancellation of MPR 3500.1, Establishment of High Grade Positions.

This directive describes procedural requirements for the establishment of high grade positions. Because position classification authority has moved from NASA field centers to the NASA Shared Services Center the directive is no longer needed. For current policy see NPD 3511.1, Classification, Position Management and Promotions. Classification-related guidance is provided in the following documents:

NSREF-3000-02299, NASA Classification and Promotions Desk Guide for all GS and FWS Employees
NSSDG-3500-0001, Classification Services
NSSDG-3513-0001, Classification Appeals
