Reply to Attn of: PS01

TO: DA01/Director
THRU: IS02/MSFC Directives Manager
FROM: PS01/Office of Procurement
SUBJECT: Cancellation of MWI 5113.1, Government-wide Commercial Purchase Card Operating Procedures

In accordance with MPR 1410.2, 2.1.5, Marshall Directives System, PS01 requests approval for cancellation of MWI 5113.1, Government-wide Commercial Purchase Card Operating Procedures.

The MSFC purchase card program officially transitioned to the NSSC in August 2017. In an effort to standardize and streamline the management of the NASA Purchase Card Program, the Purchase Card Procedures and Instructions (PCPI) was developed and implemented as the central repository of NASA procedures, instructions and guidance relative to the use of the purchase card.

As the Agency continues towards an enterprise approach to managing and overseeing the NASA Purchase Card Program, the Policy and Information Management Office within the Office of procurement has reviewed MWI 5113.1 and determined any Center-unique requirements associated with purchase of flight hardware or critical ground support equipment using a purchase card were moved to MPR 1280.10, 2.5.1.4, Marshall Quality Management System.

Therefore, MWI 5113.1 is no longer required.
