Reply to Attn of: AS01

TO: DA01/Director
THRU: IS20/MSFC Directives Manager
FROM: AS01/Office of Center Operations
SUBJECT: Cancellation of MPD 8570.1, "MSFC Energy and Water Management Program"

In accordance with MPR 1410.2, 2.1.5, "Marshall Directives System," AS01 requests approval for cancellation of MPD 8570.1, "MSFC Energy and Water Management Program."

The requirements for MPD 8570.1, "MSFC Energy and Water Management Program," were incorporated into Facilities Management Office's Organizational Issuance AS20-OI-0018, "MSFC Energy Program." The existing MPD, set to expire in October 2013, was based on NPR 8570.1 which was recently and extensively revised. The Office of Strategic Analysis and Communications, Directorates/Offices, and employees included in the existing MPD are not identified by name or given responsibilities in the revised NPR. As for the Offices of Center Director and Procurement, the NPR document levies their responsibilities, thus there is not a need to reiterate them in a document/directive at the Center level. All other responsibilities of the Energy Management Program fall under the Facilities Management Office. Therefore, this directive is no longer required.
