SUBJECT: Request for Cancellation of MWI 7120.3, Program/Project Data System (PDS)

In accordance with MPG 1410.2, ED01 requests approval for cancellation of MWI 7120.3, Program/Project Data System (PDS). The Directive is proposed for cancellation for the following reasons:

The Program/Project Data System (PDS) control process tool is no longer in active use, therefore this work instruction is no longer needed. References to MWI 7120.3 have been removed from MPR 7120.3, Data Management, Programs/Projects and MPR 7120.2, Multiprogram/Project Common-Use Documentation. The Multiprogram/Project Documentation System utilized the PDS control process, however that instruction has been incorporated into MPR 7120.2, which documents the control system now utilized.
