SUBJECT: Cancellation of MWI 1382.1, "Protection of Privacy Act Information at MSFC"

In accordance with MPR 1410.2, IS10 requests approval for cancellation of MWI 1382.1, "Protection of Privacy Act Information at MSFC."

MSFC is required to comply with the Agency Privacy Management policies delineated in NPD 1382.17, "NASA Privacy Policies," and NPR 1382.1, "NASA Privacy Procedural Requirements." Privacy management is much broader than the Privacy Act of 1974 and the Agency policies are responsive to numerous statutory requirements and oversight guidance provided by the Office of Management and Budget memoranda and circulars. There are no Center-specific privacy management requirements that require additional consideration; therefore, MWI 1382.1 is no longer needed.
