TO: DA01/A. G. Stephenson
THRU: AD35/MSFC Management Directives Manager
FROM: LS01/William A. Hicks
SUBJECT: Request for Deviation/Waiver

Deviation/Waiver Number: MPG 1410.2-DEV01

In accordance with MPG 1410.2, LS01 requests approval for deviation/waiver from MPG 1410.2.

Define the proposed departure from the requirement(s):

Paragraph 3.7, "Document Approval," requires that the Office of Chief Counsel (LS01), participate in the final concurrence cycle. LS01 requests that this requirement be removed except when determined necessary by the Directives Control Board (DCB) Chair and/or the Directives Manager.

Justification for the deviation/waiver (waivers must include references to any applicable nonconformance, discrepancy, or deficiency report(s)):

LS01 reviews the draft directives during the Centerwide review process. The additional review during the final concurrence cycle is an unnecessary duplication of effort and should not be required except on an as needed basis when significant changes were made to the draft during the DCB meeting.

Applicability, impacts, and conditions (if any) of deviation/waiver:

This deviation would apply to all draft MSFC management directives and will remain in effect until MPG 1410.2 can be revised to reflect this change in process. LS01 may be asked to perform a final concurrence review at the discretion of the DCB chair and/or the Directives Manager.
