FROM: IS01/Chief Information Officer
SUBJECT: Request for Deviation/Waiver

Deviation Number: MPR 1410 2-DEV02

In accordance with MPR 1410.2, IS01 requests approval for deviation from MPR 1410 2 paragraphs 2.4.6 and 2.7.3.

Define the proposed departure from the requirement(s):

The Directives Manager is required to issue a call for the annual review of Management Directives by November 1 with the Offices of Primary Responsibility responding by December 1 of the same year. The proposed deviation is to change the start and end dates for the 2005 annual review to December 1, 2005, and January 31, 2006, respectively.

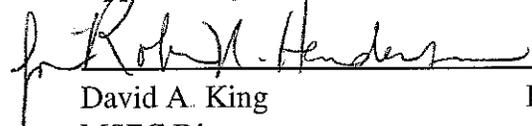

Justification for the deviation/waiver (waivers must include references to any applicable nonconformances, discrepancy, or deficiency report(s)):

The Center Transformation and further Realignment is not completely in place at this time. The full affect of the realignment on the policies and processes documented in the Management Directives will not be known until after the regular annual review period is over.

Applicability, impacts, and conditions (if any) of deviation/waiver: This deviation applies to the 2005 annual review.

Alternate plans to meet any ISO 9001 or AS9100 requirement(s): None needed.
